### CLAUDE KINNEBREW RESIGNS POSITION

Secretary Business Men's Association Goes To Plains Grain Co.—Succeeded By Tom Thompson

Claude Kinnebrew has resigned his position as secretary of the Amarillo Business Men's Association, his resignation to take effect on April 1. After that time he will be connected with the Plains Grain Co., of which E. S. Hunsdel is president.

Mr. Kinnebrew started in the news last evening that his relations with the Business Men's Association had been very pleasant and his only motive in making a change was the better opportunity offered. Mr. Hunsdel has offices in the Amarillo National Bank building. He has been in the business about four years, having been operating at Amarillo for a year before coming to Amarillo three years ago.

Mr. Kinnebrew has been acting as secretary of the Business Men's Association for three years and two months and during that time has rendered the association efficient service. The association was organized two or three years before Mr. Kinnebrew became its secretary and during his term the membership has been more than doubled.

A few days after receiving Mr. Kinnebrew's resignation, the board selected J. Tom Thompson as his successor. Mr. Thompson, who was employed in the Santa Fe offices, retired from his position there at once and took a ten day's trip back west on a visit with relatives. He returned a few days ago in order to accept his new position before taking charge. He will be busy in the office from now on familiarizing himself with the various duties of the office.

### FEW FARMERS ARE STILL SOWING SPRING WHEAT

Herman Benton, the government farm demonstrator for this district is very enthusiastic about the prospects for a splendid wheat crop during the coming summer throughout the Panhandle country. Mr. Benton states that some farmers are still sowing spring wheat but he advises that the chances are it could be safer to sow either oats, quinoa or barley this late in the season. However, with a summer one sowing from now on, it will be possible for spring wheat sown now to still make a good crop.

### SHERIFF'S DEPARTMENT AND CITY POLICE ACTIVE

Four Arrests Made Saturday One Man Wanted In Oklahoma On Felony Charge

The sheriff's department and the city police department are continuing their campaign against questionable characters about the city and several have been rounded up during the past week. Among the recent arrests made are the following:

C. R. Pickens, who is said to be wanted at Woodward, Okla., on a charge of grand larceny, was arrested about noon Saturday by Sheriff W. W. Burwell and Deputy Burton Black. He is said to have arrived in the city some time Friday night. An officer is expected to arrive here from Woodward today to return Pickens there for a hearing.

Sam Geary was arrested by Deputy Constable Robert Hollinger Saturday morning about 11 o'clock on a charge of theft of four gallons of milk. Geary entered a plea of guilty later before County Judge T. W. McBride and was given a fine of \$5 and costs, amounting to a total of \$21.50, and one day in jail.

Officer Henry Boyd made one arrest Saturday evening on a charge of intoxication.

Special Officer W. Stewart made one arrest Saturday evening on a charge of reckless driving and intoxication.

The city has been cleared of several tramps during the past twelve days and already there seems to be an improvement from that source.

### SAFER CREDITS

THE REGIONAL BANK'S NEW MEASURE WILL HELP BUSINESS MEN IN MANY WAYS.

Better credits, rather than an extension of credits is the much-to-be-desired effect which the Federal reserve act will have on business. The new regional banks will exercise a useful function in assisting member banks to improve the character of their loans.

The most useful function in matters pertaining to health is the digestive system, for it is from this source we receive our daily help in keeping the whole portions of the body keeping the blood pure and well supplied with red corpuscles, and the general condition up to nature's standard.

Therefore, watch the digestion and at the first sign of weakness or distress see that immediate assistance is given. This can be efficiently supplied by the use of Hostetter's Stomach Bitters.

It has a well known reputation as a tonic and appetizer and can thus be relied upon to help you regain your appetite, assist the entire digestive system and help nature in the promotion and maintenance of health.

Make Hostetter's Stomach Bitters your first choice in any ailment of the stomach, liver or bowels. You will find it well worthy of your confidence based on having the genuine.

### MRS. MARY LEE ROSCOE OF TULIA PASSES AWAY HERE

Was Brought Here Tuesday For Medical Attention—Funeral Will Be At Tulia.

Mrs. Mary Lee Roscoe, wife of J. S. Roscoe, of Tulia, died at a local sanitarium Friday night about 11:20 after a brief illness. Age 21 years. She was brought here in a serious condition on Tuesday and everything possible was done for her. Mrs. Roscoe was formerly Miss Mary Lee Taylor, of Belton, Texas. The remains were prepared for burial at the Eadie Undertaking parlors and were shipped out over the Santa Fe early Saturday morning to Tulia where the interment will occur, probably some time today. Mrs. Roscoe was loved by all who knew her. She leaves a husband and two small children, a father and mother and a host of other relatives and friends to mourn her loss.

Her father, P. B. Taylor, Mr. Roscoe's sister, Mrs. Hutchinson, and Mr. Roscoe were all here at the time of the death and accompanied the remains to Tulia. Mr. Roscoe is the proprietor of a garage at that place.

### Why Do So Many Wear Glasses

The answer is easy. We are working today more with our eyes than with our hands. Defective or strained eyes undermine the nervous system.

Drugs are never necessary in the fitting of glasses by up-to-date practitioners of Optics.

Eyes treated with properly fitting glasses give the best and most satisfactory results obtained in 90 per cent of the treatment of eye troubles.

Eyes examined, glasses fitted, and lenses ground while you wait. Any lens duplicated; save the pieces.

Remember, lenses ground here.
